

U.S. Attorney John Durham is conducting an investigation into wrongdoing within the government and entities involved from the outside.

Join us to pray about this investigation, its findings, and the people on both sides of the facts.

Praying about The Durham Report

A Special Report by Intercessors for America

What is Durham looking for?

Horowitz's Inspector General report issued last year was narrow in scope, but the upcoming Durham report has looked for wrongdoing throughout the FBI investigation of President Trump's campaign. John Durham is a U.S. Attorney serving as a DOJ-appointed federal prosecutor. **This is a criminal probe. This report will result in charges.** While the lack of leaks has given us little to anticipate, we do know a few things:

- The probe is focused on the actions of the **former Obama Administration senior officials** who targeted President Trump and his campaign team.
- According to reporter [Catherine Herridge of CBS](#), the timeframe that appears to have the largest paper trail footprint is January—May 2017, indicating that the **Mueller** investigation and those involved may be the largest focus.
- Durham's investigation was upgraded to a **criminal inquiry** in October 2019; as a result Durham has the authority to bring forward indictments.
- Durham's investigation expanded to include the **Pentagon's Office of Net Assessment** which contracted **Stephen Halper** as an informant. It is alleged that Halper targeted **Carter Page, George Papadopolous, and General Flynn**.
- One issue we know is being investigated is whether or not a crime was committed by former **FBI lawyer Kevin Cline-smith** who altered a document for a FISA renewal on Carter Page.
- **Attorney General William Barr** and **U.S. Attorney John Durham** have traveled to England and Italy to interview senior foreign intelligence officials.
- **The President** has given AG Barr authority to declassify documents as needed for the inquiry.
- Durham's report is expected to be released **late spring or early summer of 2020**.

Pray that this investigation would result in justice. Pray [Ps 106:3](#)

In response to the IG Report from Horowitz, U.S. Attorney John Durham, issued this [statement](#): "Based on the evidence collected to date, and while our investigation is ongoing...we advised the Inspector General that **we do not agree with some of the report's conclusions** as to predication [what the operation Crossfire Hurricane was based on] and how the FBI case was opened."

Praying for the people involved in the Durham investigation. Pray Ps 119:165.

Lift up those searching for truth

AG William Barr selected a no-nonsense prosecutor to “investigate the investigation” and peripheral matters. U.S. Attorney John Durham has a strong reputation as tough and nonpartisan. He has investigated the Boston Mob, the former Connecticut governor, and the CIA. He also has a strict “no-leak” policy that assures that his investigations stay focused on the facts and not the media spin. His team includes former assistant U.S. Attorney Nora Dannehy and retired FBI agent John C. Eckenrode. Pray for each of them as well as the support staff that is working alongside them. Pray for protection, discernment, wisdom, strategy, energy, and clarity as they investigate and compose their findings. Pray [Pr 12:17](#).

Pray for those who have been harmed by misdeeds in the FBI investigation of the Trump campaign, which Durham is examining. Pray that those who have been wrongly targeted, wiretapped, accused, and harassed would have what has been taken from them restored. Pray [Joel 2:25](#) and may they call upon the Lord for their restoration.

Pray for justice

No charges have been filed, but there is a list of [familiar figures](#) under scrutiny. Pray for each one by name, as well as for people [under investigation](#) who have not yet been named. As U.S. Attorney Durham continues his investigation, pray that these revelations, findings, charges, and prosecutions would result in convictions where appropriate and a clean-up of the intelligence community leadership. (A new, unrelated [investigation](#) of the Inspector General of the Intelligence Community, Michael Atkinson, is being conducted by the House Republicans. Pray for positive results from this investigation as well.) Pray [Ps 37:27-28](#).
