An IFA Special Report on ObamaGate

Let's be honest. The spying scandal known as ObamaGate is confusing and its complexity has been compounded by the fact that the media has largely obscured the details and facts. But this shocking operation is being called the biggest scandal in U.S. political history. Here's what you need to know about ObamaGate and how can we watch and pray for truth and justice.

What exactly is ObamaGate?

One [writer](#) aptly described it as an operation that was “almost Escher-esque in its design,” referring to the famous artist who creates no beginning and no ending illusions. That's true. The whole plan was very circular—citing sources to bolster their false reports and stories, then corroborating those claims with their own false reports and stories. In John Brennan's [own words](#), the plan was “a means of distracting the public from *her* use of a private email server.” The reason? To deflect from purported wrongdoing by Hillary Clinton, to aid in the election of Hillary Clinton, and to take down Trump—before and after the election.

How did it happen?

Internally, the FBI operation was dubbed “Crossfire Hurricane.” It was an official operation that disguised itself as an investigation into the Trump administration, citing national security concerns and claims of Russian collusion on the part of Trump. In reality, the collusion was conducted by the Hillary Clinton campaign, who employed a foreign operative to create a damaging false dossier on then-candidate Trump. The dossier created a record of intel that was used to gain access, through the FISA Court system, to obtain wiretaps on the Trump campaign. All of that was fabricated. It was a sham created as political sabotage from the beginning, and the Mueller investigation played along. The Mueller investigation team was laden with left-leaning attorneys such as Andrew Weissmann and Jeannie Rhee. Recently it was discovered that 27 work phones from the Mueller team were inadvertently “wiped,” removing all record of communication and texts from the phones against federal recordkeeping laws. An innocent [mistake](#), says Weissmann. It is being investigated.

Who was involved?

The bulk of the players in this rogue but official operation were officials within the Obama administration, even [including President Obama and Vice President Biden](#). While the lion's share of the dirty work to sow the disinformation and spy on the Trump campaign and administration fell to core players in the FBI—Director James Comey, Andrew McCabe, Peter Strzok, Lisa Page, among others—a litany of Obama officials knew what was happening. According to Director of National Intelligence John Ratcliffe, declassified documents [show](#) that then-CIA Director John Brennan even briefed President Obama about this ongoing operation, including Hillary Clinton's plan to smear Trump to deter focus on her improprieties. [Others](#) named in the declassification are then National Security Advisor [Susan Rice](#), former Obama Chief of Staff Denis McDonough, and Jake Sullivan, who is currently a top Biden aide.

What will happen now?

For the last three years a disinterested media failed to follow the trail of impropriety to discover the truth about ObamaGate. But a recent series of mass [declassifications](#) has brought to light documents confirming the undeniable existence of the rogue undercover operation and exposing the high-level players. This recently declassified trove of documents will hopefully bring enough evidence so that there can be accountability and justice once and for all. **Let's pray for it.**

Uphold those seeking truth

There is a small group of fearless truth-seekers who have followed this story, spoken out at great risk, and took steps to reveal truth about the Russian narrative. Pray for each of them—for protection, for continued insight, and for a platform to share what truth they find. Some of them will be pursuing hearings and eventual justice.

Who has been named in the declassified documents?

You can read an in-depth report of the players in ObamaGate in our Special Report *Unmasking the Cover Up*. Below are some of the people who have been [implicated](#) in the declassified documents as [having knowledge](#) of, participated in, or directed the massive ObamaGate operation. Pray that the clear evidence would bring accountability. Pray that the media would cover this scandal. Pray that those who committed wrongdoing would be brought to justice.

Barack Obama, former President: *Aware of the details of the Flynn intercepts; chief of administration rife with surveillance of the incoming administration, but kept it hidden.*

Joe Biden, former Vice President: *Aware of the details of the Flynn intercepts; attended Oval Office meeting discussing Flynn surveillance; conducted unmasking in the Flynn surveillance operation.*

John Brennan, retired Director of the CIA: *The master controller of the Russia narrative; used off-the-books resources for intelligence and establishing a multi-agency task force to create the collusion narrative.*

James Comey, former FBI Director: *Signed three FISA applications to spy on Carter Page, a Trump campaign volunteer; part of the General Flynn perjury trap plan; leaked classified memos to reporter Daniel Richman; oversaw a department full of corrupt activities.*

How do we pray?

Pray that all who need to testify will be called. ([Job 34:12](#))

Pray that all who have acted unlawfully will be held accountable. ([Prv 12:19](#))

Pray for a resurgence of truth and justice, law and order in our nation. ([1 Cor 5:8](#))
