

Setting the Agenda for America: America's Power Players are Meeting in Secret

A confab of leaders in film, technology,
finance, intel, media, and more.
By invitation only.

Movers and Shakers Gather

In an invitation-only 5-day event, (sidelined last year due to COVID) the nation's elites gather in Sun Valley, Idaho, hosted by investment bank Allen & Company. Since 1982, these annual, closed, high-level meetings achieve the goals of developing **consensus on** of messaging, technology, media, and **coordinate positions** on issues. These elites network and make decisions and deals that will guide many large conglomerates, corporations, and culture influencers and, in turn, our society at large. One of the topics on the agenda is social justice, according to

leaked information. The estimated wealth represented is over \$700 billion. It is equal to the American version of the famed secret international Bilderberg Society meetings. Is this the 1% ruling class of America? They descended on Sun Valley, Idaho to be shuttled 15 miles to the private Sun Valley Resort (at left) on July 6 and will meet until July 10.

Our Assignment as Intercessors

As the elite and powerful in the natural meet to formulate direction, messaging, policy, and coordination, we, the powerful as intercessors by the blood of Jesus, can be praying about this meeting. That is our assignment. Over the next five days, we encourage you to pray for as many attendees by name as you can.

Below are the prayer points we can agree in prayer:

- Pray that any demonic agenda would fail.
- Pray that there would be confusion and disunity at this meeting.
- Pray that these people would be visited by God in dreams, visions, and thoughts.
- Pray that the plans they make that are not of God would be impotent.
- Pray that this group would disintegrate and lose focus and power in the coming years.
- Pray that any unholy alliances formed would be brought to light and broken.
- Pray that these attendees would come to saving knowledge of Jesus.

Who is Allen & Company--sponsor of Sun Valley 21?

Referred to by some as an "invisible investment bank," Allen and Company is very deliberate in its avoidance of publicity. A boutique firm, the company boasts heavyweights of its own. Some well-known Managing Directors include George Tenet (former Director of the CIA), Bob Kerrey (former Senator), Bill Bradley (former Senator), and Dan Lufkin (founder of DLJ). The company is headquartered in New York and is led by Herbert Anthony Allen III, grandson of Herbert A. Allen, Sr. who co-founded Allen & Company with his brother, [Charles Robert Allen](#). The Allen family have been titans of the financial world with [Herbert Allen, Jr.](#) at the helm until recently. According to [Forbes](#), "Allen & Co. has had a hand in several large tech IPOs of the last decade, including Twitter, Groupon and LinkedIn." ***Pray for this company and the Allen family - pray that they would know Jesus, and use their influence, power, and wealth for the Kingdom.***
