14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

Look carefully then how you walk, not as unwise but as wise, making the best use of the time, because the days are evil. Therefore do not be foolish, but understand what the will of the Lord is. (Eph 5:15-17)

Day One: The Urgency of This Moment

Communism and socialism both used to be dirty words. A black mark. Recognized as a subversive ideology. UnAmerican. Today, however, **the Democratic Socialists of America (DSA) have not only come out from behind the shadows**, they are taking a prominent role in American politics--not as a third party, but by inhabiting the Democratic Party. How has this happened? Who is behind this move? The urgency of bringing truth, prayer, and action to this situation is critical. Before our very eyes, we are seeing the rise of an ideology that many thought was fringe and unelectable gain a voice and strategic control. **DSA candidates are gaining nominations and filling offices.** While the Democrat Party has not been in alignment with biblical values on issues, this huge shift toward socialism, engineered by socialists with a grand plan for our nation, is even more concerning. Midterm elections are upon us, and we are seeing a wave of proud socialists running for office and gaining steam and support that is hard to fathom happening in America.

The Democratic Socialist movement is not a benign social program-heavy platform. Looking deeper, there are radical ideas and plans at the heart of the movement. It is imperative that people understand what is behind the curtain, who is involved, what the endgame is, and how they plan to accomplish it.

Prayer Points

Pray that the urgency of prayer and action on this is understood by intercessors. *Be sober-minded; be watchful. Your adversary the devil prowls around like a roaring lion, seeking someone to devour. (1 Pet 5:8)*

Pray for rapid response and action against this takeover--from both democrats and conservatives. *And give no opportunity to the devil. (Eph 4:27)*

Pray for clarity on the labyrinth of plans, players, and relationships pushing the DSA. *Nothing is covered up that will not be revealed, or hidden that will not be known. (Lk 12:2)*

Pray for understanding for those in deception or denial.

They are darkened in their understanding, alienated from the life of God because of the ignorance that is in them, due to their hardness of heart. (Eph 4:18)

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

Woe to those who call evil good and good evil... (Is 5:20)

Day Two: Platform of the Democratic Socialists of America

The DSA has a lot to say about what they believe, where they want the direction of the country to go, and what they are willing to do to make it happen. **We should listen to their own words about their plans.** National co-chairwoman for the DSA, Megan Romer, at right, has **gone on record** as saying that their platform does include abolishing the U.S. Senate and replacing the Presidency and the Supreme Court as we currently know them. That's not all. Here are the points of their platform:

- Pro-Palestine, Anti- Israel
- Abolish Police
- Replace Presidency, chosen by Congress
- Abolish ICE and Immigration Enforcement
- Replace Supreme Court, chosen by Congress
- Abolish the Electoral College
- Switch to Public Ownership of Companies
- Legalize all immigrants, no visa caps
- Regulated Housing for All
- Abolish Prisons
- Abolish U.S. Senate
- No Fossil Fuels
- Defund Department of War
- Voting Rights for All Residents
- Universal Single Payer Healthcare for All
- Universal Basic Income, 32 hr workweek
- Punish ICE agents
- Queer Liberation

Prayer Points

Pray that people would have the courage to uncover the works of darkness and plans for evil by the DSA.
Take no part in the unfruitful works of darkness, but instead expose them. (Eph 5:11-13)

Pray for the veil of deception to be ineffective.
See to it that no one takes you captive by philosophy and empty deceit, according to human tradition... and not according to Christ. (Col 2:8)

Pray for Americans to look beyond the surface and see what the DSA really is.

Test everything; hold fast what is good. Abstain from every form of evil. (1 Thes 5:21-22)

Pray for voices to arise to give warning about the policies and the ideologies of the DSA.

On your walls, O Jerusalem, I have set watchmen; all the day and all the night they shall never be silent. (Is 62:6)

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

*Take no part in the unfruitful works of darkness,
but instead expose them. (Eph 5:11)*

Day Three: Roots of the Influence of the DSA

Michael Harrington was a product of a **Jesuit education** and became influenced by the **social gospel** promoted by Dorothy Day's **Catholic Worker Movement**. He became an activist. He drifted farther left, influenced by **Marxism and Trotskyism**. He took the extremist ideas of Europe and put an American veneer on radical socialism. Harrington began working with President Lyndon Johnson on what they called the *taskforce on poverty* as part of **Johnson's "Great Society" proposal**. *It is also worth noting that **Senator Lyndon Johnson was the originator of the Johnson Amendment in Congress**, which purposely tied the hands of pastors and the church from speaking out on electing our government leaders.* This Great Society policy led to greater government involvement in many facets of Americans' lives and ushered in the entitlement programs that have burgeoned our dependence and debt--shifting toward socialist ideals. **All of this happened under the Democratic Party tent.**

Harrington continued to be one of the leaders in the **Socialist Party of America** until he disbanded it and merged with the **New American Movement** to begin the DSA. A young **Bernie Sanders** was influenced by Harrington's work and has become one of the current voices for the socialist agenda.

**DSA Founder
Socialist Author
Michael Harrington**

Year Founded: 1982

Founding Origins: Merging of the Democratic Socialists Organizing Committee with other radical factions such as radical European Marxism, New American Movement (NAM), Students for a Democratic Society (SDS), and New Communist Movement activists, Marxists among other radical splinter groups.

The Goal: In their own words, the central goal was to "build a broad, majority movement capable of moving the United States of America toward socialism."

The Strategy: 1. Unify the left, bringing together socialists, communists, feminists, and other progressive groups under one umbrella. 2. Build coalitions and alliances to grow. 3. Work inside and alongside the Democratic Party as opposed to forming a separate party. 4. Change the control over the economy to progressives and far-left radicals.

Prayer Points

Pray about this purposeful and planned thread of weaving evil into our government, that it would be brought down and plans rendered fruitless.

He frustrates the devices of the crafty, so that their hands cannot carry out their plans (Job 5:12).

Claim your authority given by Christ as you pray about these spiritual battles.

Behold, I have given you authority to tread on serpents and scorpions, and over all the power of the enemy, and nothing shall hurt you. (Lk 10:19)

**14 DAYS OF PRAYER:
ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY**

Beloved, do not believe every spirit, but test the spirits to see whether they are from God, for many false prophets have gone out into the world. (1 Jn 4:1)

Day Four: Anti-God Socialists Now Embracing Religion?

Even though their nemesis is what they call Christian nationalism. their goal is to gather multi-faith religious left to build a coalition of activism. From their website, they recognize that faith in God is not something that typically Marxists embrace. Safe to say those who associate with the Religious Socialist Working Group are not in “danger” of embracing real faith in God. Their website describes, “The DSA’s Religion and Socialism Working Group is organized by and for DSA members whose religious faith, of whatever sort, is formative both to their spiritual identity and their commitment to democratic socialism. There is a long tradition of religious socialism in the United States that has been ignored or forgotten; in forming this group, the DSA refuses to cede the ground of faith to the religious right.” Which faiths are welcome in the DSA? All faiths are listed as welcome but the only *version* of Christianity welcome is “Restorative Christianity.”

In other words, they explain that they need “religious people” to win the struggle and establish socialism.

“We’re building a coalition of religious people with socialist values to defeat Christian nationalism and build a more just world.”

--DSA Religious Socialism Coalition

One of the biggest “talking points” by democratic socialists is the narrative that it is the party that cares about the worker, the downtrodden, and the average American. **This veil of compassion is the hook that causes some Christians to be enamored with socialism and then pulled deeper into the ideology.** There is a fundamental flaw in this argument of socialism.

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

Be strong in the Lord and in the strength of his might... For we do not wrestle against flesh and blood... (Eph 6:10-12)

Christians should not confuse the voluntary generosity of the early Church with socialism. In Acts, believers still owned property and freely chose to share what they had out of love for Christ and concern for one another. That is very different from a political system in which the government uses its authority to redistribute wealth and control property. The biblical model is rooted in willing sacrifice; socialism and communism depend on state power and compulsion to achieve redistribution. **The Word says in 2 Corinthians 9:7: "Each one must give as he has decided in his heart, not reluctantly or under compulsion, for God loves a cheerful giver."**

Socialism's growing appeal among younger Americans is due in part to **a lack of understanding about how socialist systems have actually operated in history** and how sharply they differ from the voluntary, faith-driven sharing described in Scripture. Remember, the enemy is a deceiver.

Prayer Points

Pray that believers would not fall for the false gospel of socialism.

Woe to those who call evil good and good evil, who put darkness for light and light for darkness, who put bitter for sweet and sweet for bitter! (Is 5:20)

Pray that people would seek God's solutions instead of big government.

Be not wise in your own eyes; fear the Lord, and turn away from evil. (Prv 3:7)

**14 DAYS OF PRAYER:
ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY**

But God shows his love for us in that while we were still sinners, Christ died for us. (Rom 5:8)

Day Five: Socialists Misunderstand the Nature of Man

One of the most important questions in the debate over socialism is often overlooked: ***What do we believe about human nature?*** The Bible teaches that people are created in the image of God, capable of creativity, generosity, and responsibility. But mankind is also fallen. Every person is also capable of selfishness, greed, dishonesty, and abusing power. But the power of Christ in us can regenerate our minds and influence our actions. God has given us free will, and our economic systems should be based on that as well. Remember, equal opportunity doesn't mean there will be an equal outcome. Not everyone will make the choices that result in a cookie cutter result.

On the flip side, Socialism proposes to correct what they define as greed and inequality by giving government control and removing choice for the individual. Think CRT but for the economy. Socialism seeks to ***control outcomes*** through regulation, taxation, legislation, and promulgation. That opens the door on another problem--who decides what the equal outcome should be, and the fact that someone or a group of people, will have to wield power over people's lives to enforce it. If ordinary people cannot always be trusted with economic power, why should we assume government officials can be trusted with even more of it?

Zohran Mamdani expressed this big government approach when he said: *"We are going to use the power of government to lower the prices and make it easier for New Yorkers to put food on the table...in the face of enormous cruelty, we will confront these horrors and this pain with action and solidarity."*

But what does that ***power of government*** look like in real life?

Think About the Price of Bread

Suppose government decides bread is too expensive and sets the price at \$2 a loaf. But what if it actually costs the baker \$2.50 to produce it? The baker may make less bread or even stop producing it altogether. Shortages can result, requiring government to intervene yet again. The bread will never get better, the process will never improve, and there is no incentive to please consumers or improve the product.

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

A free market works differently.

If one bakery charges \$6 while another sells comparable bread for \$4, customers **will choose** the better value. The more expensive bakery would be moved to lower its price, improve its product, or become more efficient if it wants to compete and make more sales. Consumers are essentially voting with their wallets. In a socialist or centrally planned economy, government officials increasingly decide what should be produced and what it should cost.

In a free-market economy, millions of people make those decisions every day. Government still has an important role: creating the environment for people's efforts to flourish. By providing the legal system to enforce contracts, prosecuting fraud, protecting property, and maintaining fair rules--it should function more like a referee than the quarterback. Capitalism does not assume people are perfect. It uses competition and incentives to channel self-interest toward serving others.

Prayer Points

Pray that Americans would desire to create and accomplish and not be dependent.

You shall remember the Lord your God, for it is he who gives you power to get wealth, that he may confirm his covenant that he swore to your fathers, as it is this day. (Deut 8:18)

Pray that Americans would acknowledge that it is God who gives to us.

And my God will supply every need of yours according to his riches in glory in Christ Jesus. (Phil 4:19)

**14 DAYS OF PRAYER:

*Be not wise in your own eyes; fear the Lord, and turn away
from evil. (Prv 3:7)*

Day Six: Socialism on the Spectrum

The Marxists targeting our country knew that freedom-loving America would never embrace a revolutionary overthrow like was seen in Russia or China. A longer more-methodical approach was the tactic to steer America incrementally toward communism. Think of the frog in the pot. It is unaware that it is boiling to death because the temperature is rising incrementally, as opposed to dropping him into a boiling pot that it would immediately hop out of.

One critical way that this chipping away at freedom and shifting to the burden of central government is through taxes. More social programs funded through taxes and government debt places the control of who, how much, and when in the hands of the government, while the seemingly endless supply of money to the government comes from business and personal taxes. This shifts dollars from your wallet to the coffers of the government, tax by tax, increase by increase. Incremental shifts make the drift almost unnoticeable.

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

A progression in taxes is part of the Marxist-Leninist economic theory, viewed as the primary economic weapon before full nationalization. As taxes increase, motivation to create a profit decreases, and businesses become less competitive. This creates conditions for the State to step in and run businesses to “save jobs.” Cultural warriors and political activists are used as pawns to move a society from capitalism to a welfare state, opening the door for Marxists to offer the next solution: socialism then communism.

Seattle Mayor Katie Wilson recently stated, “...we have a very regressive tax system, and my office is doing a lot of work to look at **what our options are in terms of progressive taxation...taxing the rich, taxing big business...**”

“I think the claims that millionaires are going to leave our state are super overblown,” she said. “And the ones that leave? Like, bye.”

Starbucks co-founder Howard Schultz pointed out Ms. Wilson’s “socialist rhetoric” that “vilifies employers, even while she continues to rely on them for revenue.”

When the government is the larger spender of our national GDP, we are moving further from a society where the people have a stake in the earnings, spending, deciding and directing.

Prayer Points

Pray that we would not adopt further a Robin Hood approach to wealth distribution.

The rich rules over the poor, and the borrower is the slave of the lender. (Prv 22:7)

**14 DAYS OF PRAYER:
ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY**

*Do not swerve to the right or to the left; turn your foot away
from evil. (Prv 4:27)*

Day Seven: Mass Movement of a Society

How do you steer an entire society toward an ideology? To abandon long-held beliefs and embrace emerging views and progressive ideas? There are communist strategies for that. When Joseph Dietzgen put together two philosophies that were used for steering a culture, he created Dialectical Materialism--what Karl Marx then built on for what we now know as Marxism. What is Dialectical Materialism?

Dialectical = conflict; opposing forces bringing chaos. The clash of two ideas or positions.
Materialism = core of everything is physical matter. Concrete human activity.

It is creating conflict for the goal of getting the culture to accept a new shift in action or thinking. Think back to even the past 20 years and how we have seen movements that have created division for the purpose of creating a flashpoint.

Occupy Wall Street messaged on the 1% vs the 99%--creating animosity and protest against those who earn the top 1%.

Black Lives Matter was next, stoking division between blacks and whites or "the patriarchy." Then came **Antifa**, whose movement painted those who were not part of Antifa as "fascists."

Each time, a repackaged division-seeking movement emerged to bring a flashpoint between two groups, so that a crisis could erupt, and a new cultural shift could result.

We also see this with deliberate strategy of the **Trojan Horse initiative**. By impacting segments of culture through messaging, lobbying, and protesting, the society as a whole is shifted. These areas of impact are targeted to appear to right a wrong but in reality bring more control and enslavement. These areas that are targeted for control are: healthcare, poverty and welfare, debt, education, religion, gun control, and class warfare. These are areas where division can be created as well as points of leverage in society. Saul Alinsky used this strategy, sometimes called the Cloward-Piven Strategy, for his radical "community organizing" work. Incidentally he also dedicated his book, *Rules for Radicals*, to the who he called the ultimate radical, Lucifer.

Prayer Points

Pray that plans to deceive, bring chaos, and sow strife would be struck down and ineffective.

Your tongue plots destruction, like a sharp razor, you worker of deceit. (Ps 52:2)

**14 DAYS OF PRAYER:
ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY**

Having disarmed principalities and powers, He made a public spectacle of them, triumphing over them in it. (Col 2:15)

Day Eight: Current Officials in the DSA and Running for Office

While many officials in the past who aligned themselves with socialist principles would never admit to being a socialist for fear of public repudiation, today's environment and spiritual climate have brought the DSA out from behind the shadows. Here are some of the current government leaders who are members of or openly support the DSA. And the next wave looking to get elected...

Pray for courage in the face of growing evil. Praise the Lord to shift the atmosphere.

Do not be afraid of them. Remember the Lord, who is great and awesome... (Neh 4:14)

Pray for warning signs for Americans about these candidates, and not to “go along.”

Do not be conformed to this world, but be transformed by the renewal of your mind... (Rom 12:2)

Pray for discernment for voters as they listen to talking points, speeches, and ads.

If any of you lacks wisdom, let him ask of God, who gives to all liberally and without reproach, and it will be given to him (Jas 1:5).

**14 DAYS OF PRAYER:
ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY**

*The simple believes everything, but the prudent gives
thought to his steps. (Prv 14:15)*

Day Nine: The Rudder of the Ship is all it Takes

One may think that it would take a while for the DSA to gain a majority voice in the Democratic Party, or that a few DSA officials in a state or municipality are still a powerless minority. **But it only takes a small rudder to steer a large ship. The same principle applies to power.** The Los Angeles DSA chapter has emerged as one of the biggest success stories for the socialists. A strategy has been used to gain power without having to lock down the majority of votes. **Here is the play:**

The basic strategy is to win enough local elections to build a coordinated group of socialist-aligned officials inside Los Angeles City Hall. Instead of electing one candidate at a time and hoping that person can influence the system alone, DSA-LA works to elect several candidates who share similar goals and can vote together. In other words, they coordinate to run a slate of candidates.

A few key examples are Nithya Raman, Eunisses Hernandez, Hugo Soto-Martínez, and Ysabel Jurado. Together, they represent four seats on the 15-member Los Angeles City Council. That does not give them control of the council, but it does give them a meaningful bloc that can influence legislation, negotiate with other council members, and move political debate in their direction.

Once a bloc is elected, they begin with the following cycle:

1. Build a voting alliance and coordinate on everything.
2. Change policies and budgets from the inside by shifting funding from traditional things like policing and instead funding mass transit, public housing, public services, etc.
3. Strengthen unions and workers, and reduce the influence of business owners and landlords.
4. Elect more allies and increase the inside government authority.

One important point is that **this strategy does not require a majority immediately to start making changes.** Four council members can introduce proposals, shape public debate, negotiate with other progressives, and sometimes assemble a majority by attracting additional votes. Then the movement can target more districts in future elections. This also enables socialists to make change quickly instead of building over time through multiple elections. We will see this playbook in action across the nation.

We not only need to be doing our homework during elections, but also, once elected, our involvement is critical for oversight, pushing back, and praying about the daily work of government.

Prayer Points

Pray that these plans to overtake and usurp power will come up against the Lord's might.

When a man's folly brings his way to ruin, his heart rages against the Lord. (Prv 19:3)

Pray for these alliances to crumble.

A false witness will not go unpunished, and whoever pours out lies will perish (Prv 19:9).

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

*His faithfulness is a shield and buckler. You will not fear the
terror of the night... (Ps 91:4-5)*

Day Ten: What is the goal and how far will they go?

What is the end game--what is it that these radical groups want to ultimately see happen? Well, it's more than shifting the economy, winning some elections, or getting a public platform. The chilling answer is that **these groups are seeking the disintegration of our United States**. That reality is not overblown. There are two layers here--let's start with the governmental layer. Socialists, Marxists, and Communists seek to create a society where the individual is not considered, but the goal is "for the common good." Who determines what *is* for the common good is certainly not the average citizen. They dangle the carrot of these promises: through socialism, workers are empowered, the have-nots will be given control, and the removal of "evil" governmental structures will bring freedom and prosperity. In reality, a group of elites is calling the shots, enslaving the masses, removing the power of the individual, and erasing national sovereignty in exchange for a globalist techno-authoritarian system where the regular person does not have a say in their work, their beliefs and values, or their future. **Their goal is to destroy our foundations, our Constitution, our system of government, and the impact of biblical values.**

On a spiritual layer, we see that the Marxist movement is actually an anti-Christ movement where the state takes the place of God. In the foundational early Marxist writings by Joseph Dietzgen, he shares that this (Marxism) is the "new gospel" and the savior is work and science. **The goal of these radical groups is to wipe out any vestige of worship or allegiance to God.** Any form of Marxism is a godless movement. And the fact that it is anti-God, or anti-Christ, tells you who is on the throne of this movement. Any spiritual efforts are twisting biblical concepts, and serving the dark master.

In fact, a poem by Karl Marx, written in 1887, called "Pale Maiden" says, "Thus heaven I've forfeited. I know it full well. My soul, once true to God, is chosen for hell."

In "The Fiddler or The Player," in 1841, the same decade when he wrote the Communist Manifesto, Marx wrote, **"See the sword. The Prince of Darkness sold it to me. For he beats the time and gives the signs ever more boldly. I played the dance of death."** This clearly shows you who is calling the shots of this movement.

This is what is under the veneer of the American-packaged DSA--the real root and aim of the Marxist, socialist, and communist movement.

Prayer Points

Pray for the power of Christ over the power of the enemy at work through this ideology.

"No weapon formed against you shall prosper, and every tongue which rises against you in judgment you shall condemn. This is the heritage of the servants of the Lord, and their righteousness is from Me," says the Lord (Is 54:17).

Thank God that the light is not overcome by the increasing darkness.

The light shines in the darkness, and the darkness has not overcome it. (Jn 1:5)

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

Do not be conformed to this world, but be transformed by the renewal of your mind, that by testing you may discern what is the will of God, what is good and acceptable and perfect.
(Rom 12:2)

Day Eleven: The Cuckoo Bird and the DNC

One of the strategies used to usher in communism is entryism. Another more vivid term used by political watchers is the “Cuckoo Strategy.” The name comes from the real-life habits of the cuckoo bird. It is known for its **brood-parasitic behavior**. Rather than build its own nest and raise its own chicks, **it lays an egg in another bird’s nest, leaving the host bird to incubate and raise it.** Eventually, the newly hatched chick may even push the original eggs or other chicks out of the nest, effectively taking over.

The application is here: **DSA does not operate as its own political party.** It describes itself as a political and activist organization and supports democratic-socialist candidates running for local, state, and federal offices. It also openly says it wants to build “independent political power.” In current U.S. political commentary, “Cuckoo Strategy” has specifically been used as an analogy for DSA members working within the Democratic Party rather than building a separate socialist party—winning Democratic primaries and then attempting to move the party toward their far-left political program.

The objective is not necessarily to convince Democratic Party leadership first. The strategy can bypass the leadership by winning elections. If enough voters nominate DSA-backed candidates, those candidates become Democratic officeholders regardless of whether the traditional party establishment wanted them. It is not the goal of the DSA to get a few socialists elected or to create a third party, but **to take over what party is already there** and allow their messaging, policies, processes, and goals to overtake from inside the Democratic **Party**. And it looks like they are succeeding.

So, how have they been able to create such a stronghold in one of America’s core political parties in just 40 years? Knowing that America would never embrace a hardliner revolution, a different approach for ushering in a soft revolution had to be taken. Don’t be fooled by their manipulation tactics and deceptive strategies. They have been patiently working the system and seizing control of every opportunity.

Prayer Points

Pray for believers to be discerning and alert, recognizing evil for what it is.

Be sober-minded; be watchful. Your adversary the devil prowls around like a roaring lion... (1 Pt 5:8-9)

Pray for mercy on America.

The steadfast love of the Lord never ceases; his mercies never come to an end; they are new every morning; great is your faithfulness. (Lam 3:22-23)

*Honor the Lord with your wealth and with the firstfruits of all
your produce; then your barns will be filled with plenty, and
your vats will be bursting with wine. (Prv 3:9-10)*

Day Twelve: Who is Funding the Socialist efforts?

More than **250 identifiable organizations** or affiliated bodies exist around the DSA and socialist organizational structure. In reality, many of these groups are often related, are repackaged groups, and are **funded by the same collection of progressive funders/puppeteers**. It is through this myriad of groups that these mega donors fund the DSA cause without directly funding the DSA. There are many of these “shell” groups to spread out the radical agenda funding--many with wholesome sounding names--but with the same Marxist ideology at their core. We cannot underestimate the impact of these orchestrated groups on the mission--electing DSA or DSA affiliated candidates. ***Here are some of the major funders:***

Ford Foundation

A major funder of organizations that have worked directly with DSA. Ford approved a **grant package totaling \$6.8 million for People's Action Institute**, including an additional \$1 million approved in 2025. It also awarded \$400,000 in general support to the Center for Popular Democracy for 2024–2026. DSA itself has identified People's Action and Center for Popular Democracy Action as “ally organizations” with which it worked in an electoral coalition.

Freedom Together/JPB Foundation

Freedom Together is a very large foundation whose assets have been reported in the billions. Under president **Deepak Bhargava**, Freedom Together has explicitly increased its emphasis on grassroots organizing and movement-building. People's Action and Center for Popular Democracy are current Freedom Together grantees and reported that the group planned roughly \$510 million in grantmaking in 2024.

Open Society Foundations and Action Fund

Founded by George Soros — one of the largest funders in this broader ecosystem. **Open Society reported \$242 million in U.S. expenditures in 2024**. Its filings document grants to Center for Popular Democracy Action, and historical Open Society records show grants specifically for CPD Action's policy advocacy and organizational support. Open Society Foundation is now largely run by George Soros's son, Alex (who is married to Huma Abedin, former assistant to Hillary Clinton).

Tides Foundation/ Tides Center/ Tides Advocacy

Tides functions as both a grantmaker and funding intermediary for numerous progressive activist organizations. Tides announced a commitment to move at least \$200 million into voter-engagement and mobilization organizations during the 2024 cycle. It has also funded or fiscally supported organizations in the same activist networks in which DSA operates.

MacKenzie Scott/Yield Giving

This group of the **former wife of Amazon founder Jeff Bezos**, is another enormous source of unrestricted philanthropy. Scott's 2024 giving included the Center for Popular Democracy and the Healthy Democracy Fund at Tides Foundation among recipients. She announced more than \$2 billion in gifts to 199 organizations in that round alone.

Neville Roy Singham

Neville Roy Singham — American tech entrepreneur and socialist benefactor, currently based in Shanghai, China distributed more than \$20 million to a Marxist group, The People's Forum between 2017–2022. The People's Forum has repeatedly worked with DSA and its International Committee on events, political education and international campaigns. Congressional subpoenas and a reported federal investigation are examining the network's finances and possible foreign-influence issues; Singham denies acting at the direction of China.

PRAYER POINTS

Pray that money that is poured into ungodly efforts would dry up and be ineffective. Also pray that there would be a bountiful provision for those who serve the Lord's purposes.

Therefore take up the whole armor of God, that you may be able to withstand in the evil day, and having done all, to stand.

Day Thirteen: Breaking the Spirit of Communism

Derek Prince delivers solid spiritual strategies on how to wage the battle of the mind. The acceptance of communism and socialism of any kind starts in the mind with “reasonings, arguments, knowledge, and thoughts.” There is a twisted reality that opens the door to embracing these demonic ideologies. 2 Corinthians 10 identifies this battlefield of the mind and paints the picture of strongholds of thoughts as fortresses that resist God’s truth.

“For the weapons of our warfare are not carnal but mighty in God for pulling down strongholds, casting down arguments and every high thing that exalts itself against the knowledge of God, bringing every thought into captivity to the obedience of Christ, and being ready to punish all disobedience when your obedience is fulfilled.” -Eph 6:12

How do these blatantly harmful ideologies take root? It is most definitely spiritual warfare, and must be fought as such. **Here are 5 prayers inspired by the teachings of Derek Prince that combat the strongholds of communism and socialism.**

“Lord, break the power of deception, expose falsehood, demolish ideological strongholds, and liberate the minds of people who have been captured by them.”
Read Eph 6

“Lord, expose the lies on which the stronghold depends. Pray against deception presented as justice, coercion replacing voluntary charity, and the abuse of power.”
Read 2 Cor 10

“Father God, disrupt alliances, strategies, communications, and coalitions that are being used to advance unrighteous purposes.”
Read Ps 55:9

“Lord, bring what is hidden into the light. Expose hidden funding, unlawful activity, deceptive messaging, corruption, conflicts of interest, manipulation and more.”
Read Luke 8:17

“Father, liberate minds from deception. Awaken young people searching for justice to the righteousness of Christ. Reveal Yourself to activists, professors, political leaders, organizers, and voters. We pray for the growth of the gospel to usurp these ideologies taking people captive.”
Read Jn 8:32

14 DAYS OF PRAYER: ABOUT THE DSA TAKEOVER OF THE DEMOCRAT PARTY

Day Fourteen: Seal your prayer with action.

Prayer is critical, and it wages in the spiritual war behind this ideology that is taking so many Americans captive. But in addition to intercession, we must put action to our prayer. God asks us to partner with Him in what He is doing. How can you look for ways to be the answer to the prayers for our nation that you have been praying? Ask the Lord to show you how you can bring a layer of action to your intercession.

Here are 6 tangible ways you can take action to push back on socialism in our nation.

Act in the opposite spirit. Look for ways to tangibly support candidates who are promoting biblical values. Campaign, knock doors, donate--get involved! Good candidates need help and support.

Prayer walk your community. Pray biblical proclamations and blessings of truth, freedom, and understanding as you walk.

Look into all the candidates in your area. Find out if any current candidates are part of the DSA movement (of displacing moderate Democrats). Spread the word to speak the truth to others.

Get involved in voter registration efforts. More Christians need to be voting in our elections. Find out how you can help mobilize them to the voting booth on election day.

Engage and vote in primaries. The time to root out DSA candidates is before they are in the general election. Participate in reviewing candidates and alerting others of DSA ties.

Educate friends and family about what the DSA is about. Share the DSA's contradictions to our foundational freedoms that socialism *by any name* would infringe upon. You can share this special report to help educate others about this danger.
